ANNUAL REPORT

City of Rochester

NEW HAMPSHIRE

1925

ELIHU A. CORSON, Mayor

Thirty-Fourth Annual Report

OF THE

CITY OF ROCHESTER

NEW HAMPSHIRE

For the Year Ending December 31st

Nineteen Hundred and Twenty-Five

ROCHESTER PRINTING COMPANY
Rochester, N. H.

Inaugural Address

By Mayor ELIHU A. CORSON

Gentlemen of the City Council:

In resuming the duties and obligations as Mayor of Rochester for the second time, I wish to thank the citizens for the honor conferred and for the confidence placed in me by again electing me to this office.

At this time in beginning our thirty-fourth year as a city it will be best for us to look back upon the past a moment that we may get a better insight into the future. It is not my intention to assume all the credit for the success accomplished in the past year, because my committees have supported me most loyally in all cases. Whatever success may be attributed to this administration should be shared by all who participated in the government of the City.

During the year our City has been improved to some extent. We have laid nineteen thousand eight hundred and eighty-two square yards of hot top on our City streets. Portland street has been graded and one coat of oil applied with very little expense. Sometime during the coming year, a good road can be made the entire length. Our rural roads have been kept in good repair throughout the summer. We have also laid one thousand dollars' worth of culverts with concrete ends,

and many of our small bridges have been replanked. Thirty-six hundred feet of hard surface road was built on Rochester Hill, and two thousand feet of hot top laid at North Rochester.

We recommended that our business section be better lighted, which was done with very little increase to the tax-payers.

Our Fire Station has been brought to a high stndard of perfection, and we can look with pride and satisfaction upon our Fire Department. Its equal cannot be found in any city of its size in New Hampshire.

Our Police Department should be commended for their very efficient work during the past year. It is our duty to conduct the business of the city in the best possible manner.

Our actions should be guided by careful expenditure of the tax payers' money.

FINANCIAL STATEMENT

January 1, 1926

Municipal Bonds,	$98,000 00
Municipal Highway Bonds,	5,000 00
City Hall Bonds,	4,000 00
Borrowed in Anticipation of Taxes,	40,000 00

Assets of Water Works

Securities and Investments,	$12,718 15
Due from City,	13,118 12
	$25,836 27

SCHOOLS

In analyzing the last report of the State Board of Education I find that Rochester is conservative in its school expenditures. I have based this conclusion upon the following facts: Rochester spends 61.2% of its school income for teachers' salaries (average for state only 49.7%); only 7% for repairs and equipment (average for state 10.6%); 4.8% for textbooks, supplies and tuition; while the average is 5.2%; the transporting of our pupils, due to the geographical conditions of the city, is 33% greater than the average; other items in the budget do not vary much from the average.

There are several rooms in the School Street and Allen Buildings that are very much overcrowded. If the seventh and eighth grades from those buildings

could be transferred to the high school building, conditions would be greatly improved. Therefore, I believe it is the duty of the 1926 School Board and the City Council to change such overcrowded conditions.

ROADS, BRIDGES AND DRAINS

Roads, to my mind, are one of the most important subjects that confront the tax-payer today.

It is quite out of the question to expect to put all our roads in good repair in a single year. I do believe we should put forth our best efforts for the betterment of our roads in the coming year. From past experience, it would seem that the best method is to do good, permanent work, even if we do not build as much in length.

When we stop to consider that we are facing a new problem in Bus-Line Service, and that the trucks are here to stay, we are brought to a realization that heavier and better roads must be built. On our trucks we have a weight limit, but many of our small bridges are unsafe, consequently, more money will have to be spent on our highways than ever before.

Gentlemen, we should build the Central Road, leading from Meaderboro to Strafford, the work on which, to begin as soon as the frost is out. The Pickering Road is much used, and should be kept in good repair, and the same could be said of the Old Dover Road. Many of our City streets must be considered. Silver and Winter streets should be hot-topped, also Leonard, King, Hancock, and many others.

We must keep our streets in good condition for they are one of the essentials to the prosperity of any

city, therefore I shall favor a larger appropriation for the Highway Department.

SIDEWALK DEPARTMENT

Among the many improvements, which materially benefit your city in appearance and comfort, good, safe sidewalks may be ranked with good roads. In recent years much has been done in this direction, both from the city in the way of appropriation and by the property owners as a source of pride in the appearance of their property.

By Ordinance the city amply provided for the construction of new sidewalks and for the responsibility of the abutters as to the cost. The city has been very lenient as to payments for sidewalk construction, allowing abutters to pay by time payments of any size. This is a good course to secure new walks, without placing a burden on the taxpayers. However, petitioners asking for sidewalks abutting their property should see their way clear to make such payments with regularity, so that construction may be carried on for other petitioners.

During the year 1925, after making a liberal appropriation for this Department and using receipts from open accounts, the work was carried on as long as funds held out. We have laid two thousand six hundred and forty-one square yards of sidewalk during the year. There is now due the city on sidewalk accounts as follows:

Chestnut St.,	1923	$389.74
Charles St. and Academy St.,	1924	660.59
North Main St.,	1924	444.43

Mill St., E. R.,	1925	65.27
Spring St.,	1925	76.66
So. Main St.,	1925	218.46
River St.,	1925	15.95
Wakefield St.,	1925	198.53
Pine St.,	1925	513.89
Making a total of		$2,583.52

WATER DEPARTMENT

It has been said that if Rochester Hill was supplied with water there would be a material growth in that section.

A plan has been suggested to build a reservoir on top of the hill so that the water could flow both ways. A test well could be driven and, if after an analysis had been taken the water proved satisfactory, more wells could be driven as needed.

This would not only furnish an abundant supply, both for hydrant and domestic purposes, but would increase in the pressure in the mains of the City proper.

As the land at Rochester Hill is cold and springy, the main pipe from the proposed reservoir would be submerged in cold water all the time, making the water in the city mains much colder during the summer months.

This would not only be the cheapest, but in our opinion, would be the best way to supply this section with water.

WATER WORKS

This department has taken great strides during the past two years under the very efficient supervision of our Superintendent, Mr. Ellis.

The water system has been extended across the river to supply the citizens of South Lebanon with the water so long needed. The coming year it is hoped it will be carried through a part of our city called Shoreyville, making another very important addition to our water system.

Last year I recommended the erection of a new gatehouse and the laying of a 12-inch main, running parallel with the one now in use. This should be done in the near future.

SURFACE DRAINS

We should lay each year as much surface drain as possible, for it is of great importance, both from the financial standpoint and health. We can maintain our roads at a very much less expense when properly drained.

STREET LIGHTS

We have reason to be proud of what has been accomplished toward a better lighting of our city, and the extension of lights on the streets further out.

Many cities have the lighting system often called the "White Way" installed, and I am glad to say that Rochester has not been left far behind.

POLICE DEPARTMENT

The Police Department of a city is one of its most important departments.

It is an asset, not only because it brings in a revenue, but it maintains order, and is often called upon by the public to give them the information so often asked for.

I would recommend that a padded cell be added to the lock-up, as at times it is very much needed.

Our citizens should be proud to know that we maintain the smallest Police Force of any city of its size in the State.

FIRE DEPARTMENT

I wish to call your attention to this department. During the past two years new equipment has been added and our citizens should be pleased to know that, owing to the very prompt action of our firemen, we have not had a serious fire over a long period. Our firemen should be commended for their valuable services. The Central Fire Station has been put in good repair and there has been a new floor laid which was very much needed. The roof has also been repaired. The total cost of repairs upon same was $3,576.91. I would recommend that the city purchase fifteen hundred feet of two and one-half inch rubber lined double jacket hose, for Gonic and East Rochester are in need of new hose. There have been a number of petitions brought before the council for more fire alarm boxes which are very much needed.

PUBLIC LIBRARY

Entire number of books given out during the year,	63,896
Number given out from the children's room,	6,589

Number sent to the stations,	1,925
Number circulated at stations,	2,657
Number of books repaired at the library,	10,123
Number of books rebound,	398
Number of readers and students counted,	17,008
Number in the children's room,	8,516

In the report of the State Library Commissioners Rochester stood fourth in the number of volumes given out from the library although practically the smallest city in the state, and ranking seventh in number of volumes and eighth in income.

The circulation in proportion to the population and money spent is very large. The citizens of Rochester have access to more than 25,000 volumes, comfortable reading rooms provided with the current issues of 77 magazines and periodicals and a reference room with the best and latest reference books the library can afford. All for less than $1.00 per capita.

The work with the schools, while demanding a great deal of time, is perhaps the most important part of its work. Work with the pupils taking almost the entire time of one assistant.

It was recommended the providing of more shelf room, which has been added, along with other repairs that were very much needed at a total cost of $885.85. The building is in good repair at the present time.

SHADE TREES, PARKS AND COMMONS

During the past year much work has been done on our shade trees which should be the pride of our city. Dead wood has been removed, thus lessening the danger to the public or the breaking of the trees in a heavy wind or ice storm.

Much work has been done clearing the underbrush and dead trees from the growth in Hanson's Park. Two bath houses have also been erected.

I would recommend that an ordinance be passed prohibiting the planting of poplar trees or any others that would be a detriment along our city streets. I would also recommend the planting of at least one hundred maple trees each year.

FORESTRY DEPARTMENT

While we believe that an excellent showing has been made in the work of this department in controling pine blister rust, we think the work should be carried on in as thorough a manner as possible with the money available.

I would recommend that the city appropriate such a sum as the Finance Committee may deem advisable at this time.

CONCLUSION

I wish to express my thanks for the good will shown me by the members of the City Council and the heads of the different departments.

It would seem wise not to expect too much of the City Government during the coming year, as we do not want to raise the tax rate higher than business conditions warrant at the present time.

Now let us all work together with the determination to do our best, so that at the close of the year we can see that we have made some progress toward making our city a better and more beautiful place in which to live.

City Government

AS ORGANIZED JANUARY 6, 1926

MAYOR
ELIHU A. CORSON

COUNCILMEN

Ward One	Charles S. Clark, Albert W. Slocum, Harry G. Bickford.
Ward Two	Hartley L. Wormhood, George H. Phillips, Arthur N. Brock.
Ward Three	Frederick A. Hamilton, Nelson R. Hart, Harry H. Meader.
Ward Four	Joseph Landry, Joseph Belanger, Eugene Luneau.
Ward Five	Albert E. Evans, George H. Torr, Joel W. McCrillis.
Ward Six	Harold M. Carr, Charles W. Varney, Geo. E. Greenfield.

City Clerk—Frank E. Hussey.

City Treasurer—John L. Copp.

City Solicitor—Elmer J. Smart.

Collector of Taxes—William K. Kimball.

Street Commissioner—Newell B. Foss.

Superintendent of Water Works and Sewers—J. Frank Ellis.

Marshal—Isaac W. Rankin.

Assistant Marshal—Frank H. Boston.

Important Resolutions and Orders

PASSED BY THE CITY COUNCIL

AMENDMENT TO ORDINANCE, RELATING TO THE DUTIES OF THE COMMITEE ON FINANCE

Be it Ordained by the City Council of the City of Rochester:

That Section 17 of Chapter IV of the General Ordinances of the City of Rochester be amended by striking out the words "in the month of January" in the second line of said section, and inserting in place thereof the words "on or before the regular council meeting in April," so that said section as amended shall read as follows:

Sec. 17. The Committee on Finance shall annually on or before the regular council meeting in April, prepare and lay before the City Council, an estimate of the amount of money necessary to be raised for the current financial year, under the various heads of appropriations, and the various means of raising the same, and shall also, before the first Wednesday of January annually, prepare and lay before the City Council a statement of all receipts and expenditures of the preceding financial year, giving in detail the amount of appropriation and expenditure for each department, and said statement shall be accompanied by a schedule of the property, real and personal, belonging to the City, and the value thereof, and the amount of the City debt.

Passed January 7, 1925.

RESOLUTION TO HIRE IN ANTICIPATION OF TAXES

Resolved by the City Council of the City of Rochester:

That the Committee on Finance be authorized to hire on note or notes of the City a sum not exceeding twenty thousand dollars in anticipation of taxes. The same to be hired at such time as the balance in the treasury makes it necessary and to be taken up at the earliest possible date that said treasury balance will warrant.

Passed March 3, 1925.

RESOLUTION OF ANNUAL APPROPRIATION

Resolved by the City Council of the City of Rochester:

That for the support of the various Departments of the City of Rochester for the year 1925 there be raised by taxation the sum of $235,900.00 and in addition thereto the amount of the County Tax as determined by the warrant, also the amount which the State Tax called for in State Warrant exceeds an estimated amount received from the State, and the Assessors are directed to levy such taxes with such overlay as may be found necessary.

Passed April 7, 1925.

RESOLUTION TO RAISE MONEY WITHIN THE SPRINKLING PRECINCT

Resolved by the City Council of the City of Rochester:

That there be raised by taxation within the Sprinkling Precinct the sum of $2,500.00 and the Assessors are directed to raise said money in accord-

ance with the act of Legislature creatig said Precinct.

Passed April 7, 1925.

AMENDMENT TO ORDINANCE CHAPTER NO. 14, SECTION NO. 3, PERTAINING TO PARKING VEHICLES ON THE STREETS OF THE CITY OF ROCHESTER, N. H.

Be it Ordained by the City Council of the City of Rochester, as follows:

Amended by striking out the words "And South Main Street on the Westerly Side from Congress Street to Portland Street." Also strike out "North Main Street, easterly side of South Main Street, Hanson Street, and Central Square" and inserting:

All vehicles during the hours from 7 a. m. to 6 p. m. shall be allowed to park for one hour only on the following mentioned streets suitably marked with Parking Stalls obliquely to curb,—

North Main Street from Bridge Street to Central Square, East Side of Central Square, South Main Street to Portland Street, and Hanson Street, except Sundays and Holidays. No motor vehicle shall be parked in the compact part of the City after 12 o'clock p. m. until sunrise unless the lights are lit.

So that the Ordinance shall read as follows:

Chapter 14, Sec. 3. No vehicles shall be parked or left standing within the City of Rochester upon the following streets: Bridge Street between the bridge and Main Street; Union Street from North Main 100 ft.; Congress Street from Central Square to Arrow Street. Vehicles may be stopped on the above men-

tioned streets for the purpose of discharging freight and passengers.

All vehicles during the hours from 7 a. m. to 6 p. m. shall be allowed to park for one hour only on the following mentioned streets suitably marked with Parking Stalls obliquely to curb;—North Main Street from Bridge Street to Central Square, East Side of Central Square, South Main Street to Portland Street, and Hanson Street, except Sundays and Holidays. No motor vehicle shall be parked in the compact part of the City after 12 o'clock p. m. until sunrise unless its lights are lit.

When fire alarm is sounded or on approach of fire apparatus, drivers of vehicles shall swing close to the right hand curb of the street they are on and exercise all possible care to facilitate free passage of fire apparatus and men and not approach within 200 ft. of the place of fire.

Amended by striking out "East side of Central Square" and inserting in place thereof the words "All of Central Square as far north as the cement crosswalk at the foot of Wakefield Street."

Passed as amended April 7, 1925.

RESOLUTION TO RAISE MONEY IN ANTICIPATION OF TAXES

Resolved by the City Council of the City of Rochester:

That the Finance Committee be authorized to hire in anticipation of taxes on notes of the City a sum not exceeding $50,000.00. Said notes to be issued at such time and taken up at such time as the balance in the treasury will permit.

Passed April 7, 1925.

RESOLUTION TO PURCHASE HANSON STREET STABLE PROPERTY

Resolved by the City Council of the City of Rochester:

That the Mayor be authorized to purchase from Frank H. Osgood the brick stable and adjacent real estate situated on Hanson Street and to pay therefor the sum of $6,000.00.

The said sum to be added to the 1925 budget and raised by taxation.

Passed April 7, 1925.

RESOLUTION AS TO USE OF OPERA HOUSE DURING MUSIC WEEK

Resolved by the City Council of the City of Rochester:

That the use of the City Opera House, be granted free of all charges to the Music Week Committee, during the week of May 3rd to May 9th, Thursday excepted.

Passed April 7, 1925.

RESOLUTION TO HIRE IN ANTICIPATION OF TAXES

Resolved by the City Council of the City of Rochester:

That the Committee on Finance be authorized to hire in anticipation of taxes, a sum not exceeding thirty thousand dollars on note or notes of the City. To be hired at such times and taken up at such times as the balance in the treasury warrants.

Passed June 2, 1925.

RESOLUTION TO EXTEND DISCOUNT PERIOD

Resolved by the City Council of the City of Rochester:

That for the collection of taxes for the year 1925, the provisions of Section 2 of Chapter XIX of the Revised Ordinances of the City of Rochester be suspended and the Tax Collector be authorized to allow a discount of one and one-half per cent. on all taxes paid in full on or before August 1, 1925, and one per cent. on all taxes paid in full on or before September 1, 1925.

Passed July 7, 1925.

RESOLUTION TO HIRE IN ANTICIPATION OF TAXES

Resolved by the City Council of the City of Rochester:

That the action of the Finance Committee in placing a note for $10,000.00 on July 13, to cover overdraft at that time is hereby endorsed. Said note was taken up July 30, and interest on the same was $21.30.

Passed August 4, 1925.

SPECIAL ORDINANCE TO REGULATE AND CONTROL TRAFFIC WITHIN THE CITY OF ROCHESTER, DURING THE COMING CARNIVAL, TO BE HELD ON THE 22nd DAY OF SEPTEMBER, 1925

Be it Enacted by the City Council of the City of Rochester:

Sect. 1. That on the 22nd day of September, 1925, between the hours of six and twelve o'clock p. m., no automobiles or vehicles of any kind shall be parked on South and North Main Streets between Liberty and

Union Streets, and on Wakefield Street between Central Square and Union Street.

Neither shall any person during these hours vend or do any act toward vending any article or thing of any description within said hours upon any Street within the City of Rochester, nor throw confetti or other thing in or upon the Streets of Rochester during said time.

Section 2. Any person violating any provisions of this ordinance shall be fined ten dollars.

Passed September 1, 1925.

RESOLUTION TO GRANT THE USE OF THE CITY OPERA HOUSE TO THE STATE GRANGE FOR ACTUAL OPENING EXPENSES

Resolved by the City Council of the City of Rochester:

That whereas the State Grange is to assemble in this City during the week of Dec. 6, and this brings a great many people to our City, and is a great benefit to Rochester as a community.

Therefore: Be it resolved that the use of the City Opera House be granted to said State Grange for the actual opening expenses.

Passed December 3, 1925.

RESOLUTION TO TRANSFER FUNDS

Resolved by the City Council of the City of Rochester:

That if found necessary in closing the accounts of the year to transfer from a department where there is a balance to a department where there is a deficit the Committee on Finance be authorized to make such transfer.

Passed December 3, 1925.

Report of

Superintendent of Water Works

For the Year Ending December 31, 1925

To the Committee on Water Works:

Gentlemen:—The thirty-fourth report of this department is herewith submitted.

Source of supply during the year: Round Pond, Jan. 1 to March 12; Reservoir, March 12 to July 2; Round Pond, July 2 to Nov. 6; Reservoir, Nov. 6 to Dec. 31.

The supply was ample, and the city is very fortunate in that respect, when we take in consideration the lack of rain.

A line of 1-in. pipe was removed in Dodge Court, and was replaced by 2in- galvanized W. I. pipe, a distance of 123 ft., 10 in.

244 ft. of 1-in. pipe was removed on Weare St., East Rochester, and replaced by 2-in. galvanized W. I. pipe.

Construction is as follows:

Off Harding St. to Sarah Jones' house, 1-in. brass pipe,	190 feet
Extension on Rochester Hill and Crockett St., 2-in. galvanized W. I. pipe,	1,413 feet

Richardson St., off Rochester Hill, 2-in galvanized W. I. pipe,	330 feet
Off Charles St., 2-in. galvanized W. I. pipe,	275 feet
	2,208 feet

A short line of 6-in. was laid, and gate set on end of same at the corner of Congress and Myrtle streets, to save cutting the hot top street, and this line will be completed in the spring, and a hydrant set near Ela Court.

A hydrant was installed, steamer type, on Union street, near North Main, to prevent stopping of traffic as the hydrants are on the opposite side of North Main street.

We also installed steamer type hydrant for E. G. & E. Wallace in new location near stand pipe. This hydrant is private.

Number of hydrants installed:

Hydrants to date including 6 at So. Lebanon,	203
Hydrants repaired,	14
Meters installed,	50
New services,	49
Services discontinued,	2
Services relaid,	117
Services to date,	1,904
Joint leaks in main pipe,	4
Leak in service pipe,	1

Number of feet of service pipe laid during the year:

¾-in. Galv. W. I. pipe,	566 feet	11 inches
1-in. Galv. W. I. pipe,	175 feet	5 inches
¾-in. Brass pipe,	6,747 feet	2 inches
1-in. Brass pipe,	572 feet	6 inches

About 81 per cent. of all services are now metered.

The following table gives size, make, and number of meters in use in the City.

	⅝	¾	1	1¼	1½	2	3	4	6	8
Gamon	19									
Hersey	17									
Lambert	394	42	6	1		2				
New American	1		2							
National	446	75	67		4	3	2	1	2	1
Trident	397	4	2	1	3	2				
Worthington	2									
Buffalo		1	1							
King Vertical	4									
King			2							
Arctic	29		1							
Keystone				1	2	2				
	1309	122	81	3	9	9	2	1	2	1

Owned by customers,	271
Owned by city,	1,268
	1,539

To the Committee, Mayor and Honorable Council, I wish to extend my thanks for the assistance and support accorded me during the past year.

Respectfully submitted,

J. FRANK ELLIS,

Superintendent.

Report of

Superintendent of Sewers

For the Year Ending December 31, 1925

To the Committee on Sewers:

Gentlemen:—The annual report of the sewer department is herewith submitted:

Number of permits to do plumbing,	47
Connections to main sewer,	31
Connections to date,	1,514
Connections cleaned,	20

One sewer connection lowered on No. Main Street.

Another relaid with extra heavy soil pipe on account of roots.

Dug up and repaired main sewer on Oak street, Gonic. This trouble was caused by frost.

Extended main sewer at the lower end of Union street, East Rochester.	247 feet
Extended main on Knight street,	78 feet
Also off Charles street,	221 feet

Sewers flushed but once this year.

Respectfully submitted,

J. FRANK ELLIS,

Superintendent.

Report of City Marshal

To the Honorable Mayor and City Council of the City of Rochester:

24	Fined $10.00 and costs,	1
25	Fined $10.00 and costs,	1
26	Turned over to Massachusetts officer,	2
27	Fined $25.00 and costs,	1
	Fined $15.00 and costs,	4
28	Placed on file on conditions,	1
Lodgers for year,		1,038
Lights reported out,		27
Doors unlocked,		8

In conclusion I wish to express my sincere thanks to the Honorable Judge and Clerk of Court, to the City Solicitor and to the Committee on Police for their hearty cooperation and pleasant relations, also to the entire force during the year 1925.

Respectfully submitted,

ISAAC W. RANKIN,

Marshal.

Report of

Chief Engineer of Fire Department

To the Honorable Mayor and City Council:

In rendering my report of the Fire Department for the year ending December 31, 1925, I would state that we have been very fortunate in not having many very serious fires this year, and the city is well equipped with up to-date equipment. I don't think any city of its size has any better, and the personnel of the department was never better than at the present time; every member being ready, willing and fearless in the discharge of his duty.

There have been eighteen bell alarms, one hundred twenty-nine still alarms, mostly for chimney fires, twenty-six brush and forest fires, in the city proper; five bell alarms, seventeen still alarms at East Rochester; three bell alarms, seventeen still alarms at Gonic, making a total of two hundred fifteen alarms for the year.

The amount of property involved is as follows:

Value of buildings,	$188,650 00
Insurance on same,	140,250 00
Losses paid,	24,249 96
Value of contents,	121,651 00
Insurance on same,	91,774 00
Losses paid,	39,196 73

The amount of property involved in fires outside the hydrant services is as follows:

Value of buildings,	$3,500 00
Insurance on same,	5,600 00
Losses paid,	3,199 00
Value of contents,	5,950 00
Insurance on same,	2,000 00
Losses paid,	1,575 00

This year the city purchased a Reo chassis, and had it equipped for fire by the American LaFrance Fire Engine Co. This truck is used for chimney fires, brush fires, picking up wet hose, and a supply car, which will save on the large cars.

The city purchased two sirens, one for the corner of Hanson Street and one for the corner by the post office. They are to warn the public that there is a fire, so go to the side of the street and remain there until the fire trucks go past.

The city also purchased a transmitting box which will be installed in central station as soon as they complete our new wiring for our fire alarm system.

I will recommend that the city purchase 1,500 feet of 2½-in. rubber lined double jacket hose. Gonic and East Rochester must have hose this coming year.

There have been a number of petitions brought before the City Council for more fire alarm boxes, and I will recommend that the city purchase more boxes this year.

I will state that the city has made a great improvement in the fire station this year. They have taken the horses to their new stable, and removed the horse stalls and the old sheathing, and replaced it with

new. They also removed the large chimney that was in the center of the station and placed it on one side of the station. They also put copper all around the eaves of the station, and after all the changes it was necessary to put in a new heating system.

Gentlemen: I will take this opportunity to give all the tax-payers of the city an invitation to call and look over the fire station, and see the improvements that have been made this year.

If the city will complete what is necessary this coming year, it will have one of the best three run fire stations in the state.

In behalf of the fire department, I will take this opportunity to extend our sincere thanks to all those who have been so kind and have given to the department to show that they appreciate their good work.

In behalf of the board of engineers, I will take this opportunity to extend our sincere thanks to all the officers and members of the fire department for the promptness in which they have discharged their duties during the past year.

In conclusion I will take this method to thank the Mayor and Fire Committee, and members of the City Council for what they have done for the fire department during the year just ended, and we hope the new year will be as pleasant as last year.

Respectfully submitted,

JOHN F. NUTE,

Chief Engineer of Fire Department.

ROCHESTER FIRE ALARM

16 North Main street, corner Bridge street.
17 Main street, corner Congress street.
21 River street, corner Lafayette street.
23 Waldron avenue, corner Chestnut street.

Report of City Solicitor

To the Honorable Mayor and City Council of the City of Rochester:

It is somewhat remarkable and very satisfactory to realize that the city has handled its municipal affairs for a period of years collecting and expending in protecting and promoting health, education and happiness of its citizens, and in making public improvements, and in handling municipal affairs, more than a million of dollars, without the expenditure of a cent in court litigation, and that we are now free of law suits save the Bill in Equity filed in the Superior Court for this County by George J. Barber at the September Term, 1925, to compel the School Board to permit his two children, Helen and Dan Barber, to attend school without being vaccinated, or excused therefrom on certificate of a practicing physician as required by the State Board of Health, and the law. The answer of the city and action of the School Board was sustained by the Superior Court to which Barber excepted, and the law question raised was taken by him to the Supreme Court for decision. Believing the supervision and enforcement of the vaccination law is to a large extent in charge of the State Board of Health, and is a State question, with the advice of the Mayor, we have referred the whole matter to the State Board of Health and the Attorney General's office for their action.

There are no other suits or claims pending against the City of which I have knowledge.

Respectfully submitted,

ELMER J. SMART,

Solicitor.

December 31, 1925.

Report of Board of Health

To the Honorable Mayor and City Council of the City of Rochester:

We herewith submit our report for the year ending December 31, 1925.

Number of contagious or infectious diseases reported,	72
Measles,	60
Scarlet fever,	10
Diphtheria,	2
(All recovered)	
Number of complaints, all investigated,	24
Number of houses fumigated,	6
Number of rooms fumigated,	30
Number dead animals taken care of,	25

Respectfully submitted,

D. L. STOKES, M. D.,
FORREST L. KEAY, M. D.,
JOHN I. RANKIN,

Board of Health.

Report of Overseer of Poor

To the Honorable Mayor and City Council of the City of Rochester:

Following is a list of names of the City Poor and the amount of assistance furnished each applicant, for the year ending December 31, 1925:

Mrs. Louis Labrie,	$168 00
Henry Perreault,	120 00

Report of

Library Trustees

To the Honorable Mayor and City Council:

Gentlemen:—I have the honor to present the thirty-second annual report of the trustees also the librarian's and treasurer's report for the year ending December 31, 1925.

We have purchased ten extension book shelves and two small book cases and have also built some shelving in the basement for books. During the coming year more shelves and stacks must be added to properly care for the books.

We wish to express to the Mayor, the Honorable Elihu A. Corson, and members of the City Council our appreciation for the repairs made on the building, new frames in the basement windows also metal weather strips in all the windows. We find it makes a great difference in the warmth of the building.

We need the coming year a new boiler. The present boiler leaks and has to be run at a low pressure. We trust the Mayor and Council will see that a new boiler is purchased. One that will heat the building properly and with safety.

We have purchased an up-to-date encyclopedia and other helpful and valuable books and have endeavored to satisfy the demands of the patrons for

popular books. For further reference to books and periodicals purchased and work of the Library we would refer you to the report of the librarian.

It has always been the policy of the trustees to keep within the appropriation but we find the cost of books and periodicals is high. If we continue to maintain the library and its usefulness to the public we request that the appropriation for 1926 be $7,500.

The trustees wish to express their appreciation of the interest taken by Mr. Neal in his care of the building.

The trustees also appreciate the work done by the librarian and the assistants in their endeavor to satisfy the many wants of the patrons of the library.

For the trustees,

JOHN YOUNG,

Secretary.

Rochester, N. H., December 31, 1925.

Report of Librarian

To the Board of Trustees of the Rochester Public Library:

Gentlemen:—Again we come before you with a record of a year's work. Work which cannot be estimated by a yard stick rule, by weight in ounces and pounds or computed by the expenditure of dollars.

To run a library well it must not only have a good appropriation but an interested Board of Trustees, a librarian who makes it her chief interest in life and a staff of competent helpers. These entail the spending of money, for no matter how much one is willing to do for love of the work, food, shelter and clothing must be provided.

Then, it must each year, add up-to-date books, as many as possible. Do you realize how much of an upheavel the war has caused in the library world, not alone in the higher cost of books, but from the geographic, historic, scientific, ethical and religious standpoints. So many things are viewed from a different angle. Even the children do not want many of the books of a decade ago. It is therefore only by eternal vigilance and the expenditure of much money that the library can be kept from the out-of-date class.

Among the books purchased this year were the Encyclopedia Americana in its 1925 edition and a few other reference books, many volumes of modern drama

and essays, many volumes of interesting travel and biography, some books of science and useful arts, the best of the new fiction and children's books, duplicates of some of the older stories and replacements of many of the worn out and discarded books. 803 books have been purchased, sixty added by binding magazines and 91 by gift. Making the total additions 954.

8 books have been lost or stolen, 66 have been discarded because worn out or past their usefulness. This makes the net gain for the year 880 and the number of volumes in the library, 24,962.

No department in our city has been administered with more conscientious thought for every detail than has the library. Pennies often assuming the proportion of dollars in our budget. The library spends much less than one dollar per citizen for its maintenance, care, salaries and books, and yet, every citizen in Rochester has free access to each of the 24,962 volumes, to comfortable reading and reference rooms and 77 daily, weekly or monthly periodicals.

63,896 volumes have been given out and 17,008 readers and students counted in reading and reference rooms. Each of the students receiving the required help from some member of the library staff.

In addition to the reference work teachers have submitted lists of over 2,000 books, from which pupils, from the seventh grade grammar to the senior at High School, are supposed to select required reading. This is the most difficult part of the circulation owing to the fact that the library has not been able to duplicate certain books in large numbers.

As usual various things have been done to in-

terest the children. Among them the vacation reading contest, in which 40 children won diplomas and two won prizes and the attention given to Children's Book Week, the exhibition of good books and a special story hour with Miss Bliss as story teller. In spite of these things the children are not reading as much as they did a few years ago. 15,639 books have been given out and 6,589 readers counted in the room.

1,925 books have been sent to the two stations. Gonic shows a decrease of 13 in circulation and East Rochester an increase of 78. The total circulation at these agencies was 2,657.

Until the circulation and readers were counted any member of the library staff would have told you that this has been the busiest year in its history. Even during the summer the library work seemed unusually heavy. Figures do not misrepresent however and the circulation has dropped.

The postal reserve system while satisfying the larger proportion of the readers has a disadvantage in that it removes a popular book from circulation on an average of one day a week but we no longer have the complaint that a patron is unable to find books for which he has been asking a long time.

The books of the day cannot or are not read rapidly and non-fiction and standard fiction are about one half of the circulation.

As figures seem the only tangible thing by which the growth in use may be measured it is always encouraging to see these grow larger each year. We must realize however that growth may be intensive as well as extensive and that the real advance of the

library as an educational factor cannot be estimated.

According to the last report of the State Library Commission this library stood fourth in the state, in number of books given out. This goes to prove that other libraries must be facing the same problems as this.

The same general routine of work has been followed. In addition to the circulation, reference work, care of the children, addition of new books and care of agencies, over 10,000 books have been repaired at the library. This has taken a great deal of time as many of the books have been taken apart and resewed then put back into a binding. This has paid as shown by the life of the books discarded this year. Only one of the 66 worn out had been out less than 100 times, very few less than 200 and many of them over 300, one had been out 415 times. In spite of the care many of the books are very shabby and some of them must be replaced.

I would call your attention to the need of more shelving and the lack of reference room. Pupils are now limited to one half hour at a time, with the privilege of extending that time if necessary. Thus a greater number of pupils may be accommodated in an afternoon.

That you may readily note the statistics of the year they have been tabulated and added to this report as has a list of the gifts.

The work of the year has gone on without friction. The library being a very busy place during library hours. One change has occurred in the staff caused by the resignation of Miss Dow. Miss Roberts of the

class of 1925 kindly accepted the position for a year.

I wish at this time to thank the assistants for their faithful work and their willing cooperation in all that has been attempted, also Mr. Neal who has kept the library such an orderly place and express my appreciation to the trustees for their inspiration, encouragement and kindness.

Respectfully submitted,

LILLIAN E. PARSHLEY,

Librarian.

Rochester, N. H., December 31, 1925.

STATISTICS, 1925

Population of Rochester,	9,037
Terms of use. Free to residents.	
Number holding library cards,	7,203

SUPERINTENDENT OF SCHOOLS AND SECRETARY OF THE BOARD

WILLIAM H. BUKER

Office at High School Building. Office hours: 4.00 to 5.00 P. M., on school days; 8.30 to 12.00 A. M. on Saturdays, except vacations. Residence, 10 Granite Street.

SECRETARY TO THE SUPERINTENDENT

MYRTLE M. LOWE

Office hours: 8.00 to 11.30 A. M.; 1.00 to 5.00 P. M.

ATTENDANCE OFFICER

JOHN I. RANKIN

Report of

Superintendent of Schools

To the School Board and Citizens of Rochester:

I submit the thirty-fourth annual report for your careful consideration.

TEACHERS

Our teaching staff consists of twenty-nine elementary teachers, fourteen high school instructors, a supervisor of music, a school nurse, and a part-time physical director. The two latter positions have been created during the year. Five of the teachers have attended summer school. As recommended in my report last year one-third of our teachers ought to be in summer school each year. Twenty-eight of the teachers are now holding state certificates. Commissioner Butterfield said "Competent teachers desire to hold certificates, the highest form of credentials. They should not wait for ten years of experience before receiving their certificates but should take professional pride, as do other workers in other professions, in passing examinations in technical subjects." It is expected that nearly all of Rochester's teachers will hold a state certificate by September, 1926. Rochester has a group of conscientious teachers and substitutes who are ambitious to keep up with the recent educational thought of the times.

The following changes have taken place during the year:

	Resignations	Elected
High School	Dorothy Thompson	Dorrisica Caswell
	Newell S. Ames	H. Chandler Hunt
	Helen C. Gooch	Marion E. Nicoll
	Grace E. Gile	Ruth E. Pulsifer
	Sara Wallace	Rodger Tolman
Elementary	Alice Corson	Arline M. Edwards
	Mary G. Collins	Florence A. Paine
	Mary I. Smith	Mary W. Rhodes
	Florence Buckley leave of absence	Eleanor Bartlett
School Nurse		Augusta M. West
Physical Director (part-time)		Charles Swain

REPAIRS

The Committee on Schoolhouses and Grounds has made during the year the following repairs:

Allen Building.

1. Window sashes painted.
2. Repaired concrete in basement.
3. Minor repairs on toilets.
4. Desks buffed and varnished.
5. Resurfaced roof.

East Rochester Building.

1. Wall pipes in assembly hall repaired.
2. Minor repairs about the building.

School Street Building.

1. A fence has been constructed about 120 feet in length on the westerly side of the lot.
2. One book closet made for third grade room.
3. New shades in two rooms and upper corridors.
4. Repairs on boiler.

Gonic Building.

1. Tinting two rooms.
2. A sink has been placed in the lunch room.
3. Minor repairs made in lavatories and heating plant.
4. Resurfaced roof.

Maple Street Building.

1. Room on the second floor made into two rooms.
2. Minor repairs on windows and toilets.
3. Installation of lights in the sixth grade room.

High School.

1. One room tinted.
2. Teachers' room tinted and varnished.
3. New locks on outside doors.
4. New shades in several of the rooms.
5. Boys' basement resurfaced.
6. Minor repairs as plastering, varnishing desks, etc.

Recommendations for 1926:

1. Shingling a part of the East Rochester Building.
2. Tinting ten classrooms.
3. Complete overhauling of the toilet system at Gonic and the Allen Buildings.
4. Replacing several windows in the oldest

buildings.

5. The usual minor repairs.
6. Begin on leveling the grounds at School Street.
7. Make a beginning on installation of lights in some of the buildings. Gonic and the High School Buildings have lights in all the the class rooms.

VOCATIONAL COURSES—GRADES VII AND VIII

The purpose of vocational work (woodworking, cooking and sewing) in the grades is to assist boys and girls to prepare for life's work. The pupils in these grades have the equivalent of two forty-five minute periods per week in these vocational courses.

The girls are required to do canning and serve meals that are practical and economical—such as are commonly served in the homes of this city.

In sewing the girls are taught to make underwear, outside clothing, darning and patching, sweaters, bedding (such as pillow cases and sheets) and embroidered work.

The State Department stated in one of its outlines, "Manual Training leads to worthy home membership by enabling the pupil to acquire such skill in

the use of tools and such standards of workmanship that he will contribute to the maintenance of the home by constructing many useful articles and making minor repairs."

The boys, in woodworking, are given the opportunity to make many of the following projects: lamp stands, sleeve ironing boards, book stands, plant stands, bird houses, kitchen knife boxes, sleds, window boxes, picture frames, chicken coops, tool handles, bee hives, jumping standards, camp stools, umbrella racks, etc.

Are We Educating All Our Pupils Who Enter Our Public Schools?

	Pupils	Rochester	Manchester
Grade 1	132	100 %	100 %
Grade 2	156	118 %	71.6%
Grade 3	137	104 %	73.4%
Grade 4	115	87.1%	72 %
Grade 5	138	104 %	63.4%
Grade 6	128	97 %	58 %
Grade 7	138	104 %	49.4%
Grade 8	91	69 %	46 %
Grade 9	113	85.7%	41.1%
Grade 10	60	46.4%	30.6%
Grade 11	78	60 %	21.7%
Grade 12	67	50.8%	17.5%

You will notice that only one-half of the pupils who enter the first grade ever enter the Senior class in high school. Also we must take into consideration that our high school draws 11% of its enrollment from the parochial schools of the city. This makes the situation more serious. Although you observe we are much better off than Manchester. However, the elimination is far too large.

What is wrong? Rochester High School has failed to offer practical and worthwhile courses for those pupils who cannot attend college. During the past two years the school board has made many changes to remedy such a situation, by introducing mechanic arts for the boys and making the commercial and domestic arts courses more practical and less theoretical.

KEEPING ALIVE THE FUNDAMENTALS IN THE HIGH SCHOOL

During the year, spelling, arithmetic, and grammar have been emphasized in the high school. The State Department of Education has given tests in spelling and arithmetic to grades IX and X. Rochester's score was higher than the median (middle score) for the state in all cases, except in division. And in division we were only two per cent. below the middle score.

Secondary education must not only keep alive the above fundamentals. It should also emphasize (1) how to keep well, (2) how to work efficiently, (3) how to be thrifty, (4) how to be an honest and upright citizen, (5) how to use one's leisure time wisely, and (6) how to use one's life according to the standards of right living.

CHARACTER TRAINING

Character training is being taught in the public schools in connection with civics.

The important aim of all school progress is to make law abiding citizens. The standards set up for this course are reached when pupils are courteous upon the playgrounds, in the schoolrooms, upon the streets, and in the homes.

Such topics as the following are given: Obedience, property and personal rights, and love of the home.

ADDITIONAL ROOM MUST BE PROVIDED

The average enrollment in an elementary school should not be over thirty five pupils. Several rooms in the city have over this number. In the eighth grade at the Allen School there are sixty-two pupils in one room. These pupils are not having the opportunity that they need, to prepare for high school.

The seventh and eighth grades of the Allen and School Street Schools should be transferred to the high school building. This would give the lower grade pupils in these buildings opportunities to receive more individual attention. Some of the grades could then be divided into two divisions. However the seventh and eighth grades cannot be transferred as the high school building is now overcrowded.

This overcrowded condition in both the high school and the grades can be entirely corrected by adding classrooms to the present high school building.

Therefore I recommend to the School Board of 1926 that it carefully consider the need of more room to relieve these overcrowded conditions. It is hardly necessary to call to your attention that the 1925 School Board passed a favorable vote upon this question. The vote in the City Council lacked only four votes of supporting the School Board's vote.

CURRENT COST OF PUBLIC EDUCATION

Is Rochester Spending More Money Based Upon Its Equalized Valuation Than Other New Hampshire Cities?

Figures below secured from the State Department of Education for 1923-1924.

Total Current Cost of Public Education

Berlin,	$9.29	per $1,000	equalized	valuation
Concord,	8.30	"	"	"
Portsmouth,	7.55	"	"	"
Keene,	7.15	"	"	"
Laconia,	6.69	"	"	"
Nashua,	6.58	"	"	"
ROCHESTER,	6.35	"	"	"
Franklin,	5.96	"	"	"
Dover,	5.51	"	"	"
Manchester	5.46	"	"	"
Somersworth,	5.27	"	"	"

Average, $6.73

High School—Cost per Pupil of Average Membership

Berlin,	$193.91
Laconia,	170.54
Somersworth,	148.72
Manchester,	145.96
Concord,	134.53
Dover,	105.71
Nashua,	100.23
Franklin,	94.60
Keene,	93.73
ROCHESTER,	86.40
Portsmouth,	77.48

Average, $122.89

Elementary Schools—Cost per Pupil of Average Membership

Berlin,	$92.87
Keene,	90.60

Concord,	81.49
Somersworth,	77.13
Nashua,	69.67
Manchester,	69.64
Franklin,	66.14
Portsmouth,	63.66
Dover,	62.96
Laconia,	58.71
ROCHESTER,	58.71

Average, $81.05

One can readily observe from the above tables that Rochester is spending less than the average per pupil in both the elementary and the high school, and is not taxing itself for school purposes so heavily as the average New Hampshire city.

EVENING SCHOOL

The New Hampshire School Laws of 1925 state that "every district in which reside or are employed fifteen or more persons between the ages of sixteen and twenty-one or twenty or more above the age of twenty-one who cannot read and speak the English language understandingly shall maintain an evening or special day school—as the state board may prescribe."

Rochester not only carries out the above statute but gives instruction in typewriting, shorthand, cooking and sewing, and woodworking.

46 pupils are taking English.
11 pupils are taking Domestic Arts.
17 pupils are taking Mechanic Arts.
19 pupils are taking Shorthand and Typewriting.
In October, 1925, there were enrolled:
35 men under twenty-one.

15 men over twenty-one.
23 women under twenty-one.
20 women over twenty-one.

There are sixty sessions in a year; each session being one and one-half hours in length. Classes meet on Monday, Wednesday and Friday evenings.

Teachers;

Typewriting, Myrtle M. Lowe, Principal.
Beginners' English, Mrs. Lillian Varney.
Intermediate English, Marjorie Childs.
Advanced English, Mrs. Mary Rhodes.
Stenography, Arlene Baker.
Cooking and Sewing, Ruth E. Pulsifer.
Woodworking, Rodger M. Tolman.

SPECIAL TEACHERS

Later in this report you will find reports from the music supervisor, school nurse, and playground director.

Music is essential to a nation's existence. Health is more essential. Exercise must also be a part of oneself. From these three reports you can readily see that the pupils of Rochester are receiving a much broader education than ten years ago.

In October, the School Board elected Charles Swain as part-time physical director. Mr. Swain is the Y. M. C. A. director for this part of Strafford County. He is giving one and one-half days per week in grades five to eight inclusively. Already teachers and pupils can see that physical training is needed in Rochester. The time is near at hand when a full-time physical instructor will be needed.

PUPILS WHO ARE CONTEMPLATING ENTERING COLLEGE

Colleges and all post secondary schools are demanding more and more from the high school graduate. In order to prepare these pupils for such institutions special instruction must be given to this group.

Many schools are requiring this college group of pupils to give far more time to their studies. Longer guidance and more closely supervised classroom time is given them. The most experienced teachers on the staff are assigned to this group.

We must carry out some such plan at Rochester. However before we can do much along this line we must have more classroom space.

Citizens of Rochester, you cannot afford to allow such large academic classes as we now have in English, History and French to continue.

OPPORTUNITY CLASSES

In the Allen and School Street buildings an opportunity teacher is needed in each building. These opportunity classes are for pupils.

1. Who have been absent on account of illness.

2. Who need help in one or more subjects in order to remain in the grade. It costs the city of Rochester not less than $6,000 per year for repeaters.

3. Who have the ability to move faster than the others and often need help in one subject to thereby gain a grade.

4. Who are overaged and ought to be in classrooms with pupils of their own age. With special instruction from the opportunity teacher many of these pupils would complete the elementary grades.

PROGRAM OF STUDIES

During the year geography has been replaced in grades seven and eight. This, to the superintendent, seems to be a progressive step. Up-to-date books have been provided the pupils in these grades and it is hoped that pupils from now on will have a better geographical background. It is a subject that enables the pupils to see this world in its highly industrialized condition and will lead them to understand the reasons for the same.

The State Program of Studies is being followed in the Rochester schools, thereby enabling pupils to transfer to other school systems in the state without being transferred to a lower grade.

PARENT-TEACHERS' ASSOCIATION

During the year Parent-Teachers' Associations have been formed at the Allen and Maple Street buildings. Both the associations have the support of parents and friends of the respective schools. It is expected that many helpful meetings will be held during the coming year. A great many improvements in the schools have been brought about in other cities by this association.

RECOMMENDATIONS

1. Additional room for the seventh, eighth and the high school pupils.

2. I heartily approve of the recommendation made by the Headmaster in his report concerning a room in the high school where pupils may secure a hot lunch.

3. That pupils who are contemplating going to college be given intensive work, in order to meet these college standards.

4. That physical training be given to all the pupils.

5. That an opportunity class be formed in the Allen and School Street buildings.

CONCLUSION

For the third year I am privileged to express my appreciation for the excellent assistance which I have received from the School Board, teachers, all other school employees, and the public of Rochester.

WILLIAM H. BUKER,

Superintendent of Schools.

Report of

Principal of High School

Mr. William H. Buker,
Supt. of Schools, Rochester, N. H.

Dear Sir:—I herewith submit my annual report as Headmaster of the Rochester High School.

The school has enrolled this year 324 pupils.

REGISTRATION BY CLASSES

	Post Graduates	Seniors	Juniors	Sophomores	Freshmen	Total
Boys enrolled	0	34	20	48	60	162
Boys left school	0	1	0	3	2	6
Boys in school	0	33	20	45	58	156
Girls enrolled	1	35	26	41	59	162
Girls left school	0	0	1	0	11	12
Girls in school	1	35	25	41	48	150
Total enrolled	1	69	46	89	119	324
Total left	0	1	1	3	13	18
Total in school	1	68	45	86	106	306

ATTENDANCE

Average attendance 304.97 Average membership 312.06
Average absence 7.09 Percent of attendance 97.72

REGISTRATION BY COURSES

	Academic	Commercial	General	Domestic Arts	Mechanic Arts
Senior boys	16	12	6	0	0
Senior girls	12	14	4	5	0
Junior boys	15	3	2	0	0
Junior girls	9	10	4	3	0
Sophomore boys	10	8	0	0	30
Sophomore girls	13	24	0	4	0
Freshmen boys	7	18	0	0	35
Freshmen girls	14	38	0	7	0
Post-graduate boys	0	0	0	0	0
Post-graduate girls	1	0	0	0	0
Totals	97	127	16	19	65

I wish to call your attention to the small enrollment in the Domestic Arts Course. It seems to me that every girl in high school ought to obtain some training in Domestic Arts. I suggest that the girls in Academic and Commercial work be given an opportunity to elect courses in Domestic Arts.

STUDENT ACTIVITY ASSOCIATION

September 8, 1925, to December 18, 1925

	Receipts	Expenditures
Student Activity	$271 37	$ 178 05
Athletics	963 65	1236 56
Red and White	220 81	104 57
Lunch Counter	313 26	238 68

	Receipts	Expenditures
Class of 1926	$ 23 28	$16 48
Class of 1927	16 49	
Class of 1928	27 81	
Class of 1929	35 55	
Totals	$1881 22	$1834 34

Profit for period September 8 to December 18,	$ 46 88
Cash on hand September 8, 1925,	567 39
Cash on hand December 18, 1925,	614 27

REPORT ON FOOTBALL

Season of 1925

	Receipts	Expenditures
Games at home	$806 65	$671 52
Games away from home	145 00	136 70
Sale of tickets	12 00	
Equipment		365 40
Medical supplies		37 20
Lumber and hardware		25 74
	$963 65	$1236 56

LOSS ON FOOTBALL

Football does not pay due to the fact that equipment is very expensive.

HIGH SCHOOL BUILDING

The present high school does not meet our needs. Room is needed for Mechanic Arts, Typewriting, Lunch Counter and Physical Training. Without additional room it will be useless to try to carry out the required work in these subjects.

EXTRA CURRICULUM WORK

The school has the following Extra-Curriculum Work: Student-Activity Association, Class Organization, School Paper, Boys' Glee Club, Girls' Glee Club, Orchestra, Debating Society, Dramatic Society, Athletics, Girls' Hiking Club, Hi-Y-Club.

The first debate will be Rochester vs. Farmington. The subject will be: "The World Court." Our affirmative team will debate in Rochester and our negative team in Farmington.

Rochester High School is a member of the New Hampshire Interscholastic Debating League.

TEACHERS

There were five changes in the teaching staff.

The Rochester High School is a sort of training school for teachers. After a few years' experience, at a time when they ought to do their most efficient work, they go elsewhere. I believe that Rochester ought to adopt some policy which will encourage teachers to remain in Rochester. During the past few years principals and teachers have left Rochester and gone to smaller towns and schools. This ought not to happen. The problem is serious and ought to be given serious consideration.

TEACHERS' MEETINGS

Teachers' meetings are held every Monday afternoon. At the present time teachers are studying the following:

1. Cause of failure of pupils in high school.
2. Causes of pupils leaving high school.
3. A study into the occupation of our high school graduates.

4. A study to determine the value of honor societies in secondary schools.

5. The High School Program of Studies. Does it meet the needs of the Rochester High School?

These reports will be given during the month of February. Suggestions and recommendations will accompany the reports.

HONORS

The Springfield Scholarship was awarded to Miss Beulah Roberts, now a freshman at the Boston University. The Dartmouth Medal for excellence in scholarship was awarded to Miss Evelyn Dorr of the class of 1928. Large scholarship R's were awarded to Alma Capron, Ruth Feineman and Nora Daggett.

Small scholarship R's were awarded to: Seniors: Bernice Corsby, Alma Capron, Ruth Feineman, Zelma L'Abbe, Nora Daggett, Beulah Roberts. Juniors: Eleanor Blaisdell, Wallace Green, Norman McAllister, Alice Thompson, Louise Dickinson, Edythe Hooper. Sophomores: Harry Almond, Eleanor Blair, Charles Felker, Elsie King, Elwyn Meader. Freshmen: Alice Allen, Thelma Barber, Marguerite Shedd, Velma Nute, Sarah Weeks, Evelyn Dorr, James Bray, Wayne Ricker, Esther Emery, Spencer Furbush, Elizabeth Sweet.

CONCLUSION

The success thus far this year has been due to the loyalty, cooperation and fine spirit manifested by teachers and pupils. We wish to thank the Superintendent and the School Board for their interest in the work of the High School.

Respectfully submitted,

ELWOOD S. FRASER,
Headmaster.

December 28, 1925.

Report of Supervisor of Music

To the Superintendent of Schools:

I take pleasure in submitting my second annual report.

Music in the schools has been developed along essentially the same lines as it was last year. Monthly outlines are made for each teacher and frequent tests are given the classes. The aim, appreciation of good music, is kept continually in mind. The work has been greatly benefited by the purchase of new books. A new course was introduced two years ago in a few of the rooms. This course is being put into all the rooms as rapidly as possible.

Several musical programs have been given by the schools during the year. In March, the combined music clubs of Rochester High School gave their First Annual Concert. Special mention should be made of the excellent work done by the Boys' Glee Club under the supervision of Mr. Elton J. Mansell.

During Music Week a program was given by the grade schools. A special feature was "Mother Goose's Garden," an operetta given by some of the lower grades. The Junior Orchestra also made its debut at this time, and the rest of the program was made up of singing and folk dance drills by the different rooms. The high school also put on a musical comedy, "See America First," during Music Week.

Thanks are extended to Miss Clow who directed the play and worked tirelessly for its success.

The High School Orchestra and Glee Club have been frequently invited to furnish music for various social affairs and are always glad to render this service when it is possible to do so.

In conclusion I wish to express my heartfelt appreciation to the superintendent and teachers who have made possible success in this department by their cooperation; to the school board and citizens who by their loyal support and aid have given encouragement; and to all those who have helped the work in any way.

Respectfully submitted,

ANNA DELL QUIMBY.

Report of School Nurse

To the Superintendent of Schools:

Below is given the report of health work carried on in the public schools from January to June and from October 5 to December 31, 1925.

Number of pupils in public schools, Jan. 1, 1925,	1,325
Number of examinations of pupils, made in schools, to determine general conditions and encourage the carrying out of a general health program,	9,886
Number of pupils' teeth improved by cleaning, filling or extraction,	445
Number of visits made in homes,	215
Number of pupils whose imperfect vision was preventing good school work and who have been fitted to glasses,	57

Pupils suffering from diseased tonsils are gradually having them removed, and middle ear abscesses are much less common.

It is but just to mention the earnest cooperation of the pupils and the constant support in this work given by the parents and guardians in the homes. Much that has been accomplished is due to this, and I gladly express here my cordial appreciation.

There is much yet to be done. We are but on the

borders of the health work. Let us go on, conquering and to conquer, until we are indeed a City of Good Health Habits.

To the School Board, Superintendent of Schools, Principals, Teachers, and all who have been interested in and aided this work, I express my thanks for their kindly assistance.

Respectfully submitted,

AUGUSTA M. WEST,

School Nurse.

Report of Playground Supervisor

To the Superintendent of Schools:

Although less money was appropriated for playground work this year than for the year previous, it is felt that more has been accomplished during this summer than hitherto.

A departure from the usual supervision took place, for Miss Rebecca Wright looked after the younger children at the Allen School Playground, while at Dominicus Hanson Park two high school boys, holders of the junior life saving badge, acted as life guards at the swimming hole, John Manning assisting during July while Leon Sylvain had charge in August. No serious accident occurred at the swimming place, due to the reliability and efficiency of these two life guards.

On July 13, 14 and 15, Captain Robert Miller, under the auspices of the American Red Cross, gave life saving tests to many of the boys and girls of the city. These tests were later carried out under the leadership of Stanley Bowering, holder of a senior life saving badge.

In conclusion I wish to mention the very great help rendered by the City Administration, who made it possible to keep life guards at the swimming place, and who had built two new bath houses near "Sandy Point." Thanks are also due Stanley Bowering for

his assistance in the life saving tests, to the local chapter of the Red Cross for new equipment, to Superintendent Buker for his helpful suggestions, and to the merchants of the city who so generously gave the prizes for the athletic meets.

Respectfully submitted,

ELTON J. MANSELL.

Gladys Marian Smith

CLASS ODE

By Gladys Dustin

Tune—"Annie Laurie"

The days have quickly vanished,
And brought us to the time
When we, with school work over,
Must sing our parting chime.
Tho' sad it makes our hearts
To leave our schoolmates kind,
Yet we, with strong endeavor,
Must go the way designed.

Bright the future lies before us;
We can make it what we will;
Let us bravely face its battles,
Tho' our hearts with sorrow fill.
To climb the rocky steep,
We must frame a standard high,
To win the fame desired,
For nineteen twenty-five.

Shrink not from the farewell greeting.
Since the parting's not for aye;
May we in Heaven, united,
Mingle there as here today.
We now will say farewell,
To friends and memories sweet;
An earnest future calls us,
Glorious harvest, full, complete.

LIST OF EIGHTH GRADE GRADUATES, JUNE 12, 1925

Allen School

*Ernest E. Berry
*Clyde K. Blackwell
*Franklin Bond
Lawrence Boudreau
*Freda Burrows
*Leon E. Cormier
*Leon Ellis
*Ruth F. Gerrish
*Harry Grant
*Robert J. Grant
*John B. Horne Jr.
*Emery Howard
*Ina F. Howard
*Josephine Howard
Ursula Howard
*Henry Lewis
*Grace Littlefield
*Gertrude Lord
*Frances Lucey
*C. Edward Marble
*Mary Masury
Frank McFarlane
*Donald W. Mitchell
*Esther Morrell
*Ruth Morrell
*Pauline Newberry
Beatrice Otis
*Merton I. Roberts
*Alice Robins
*Marian Scruton
*Mary Shepard
*Lillian Smith
*Pauline Smith
*Daisy Spence
